WHAT IS PROPOSITION 50?

Proposition 50 creates fair, redistricted maps in California to ensure that voters have fair representation in the 2026 midterms. This is a special election directly in response to Republicans trying to rig congressional maps in their favor. **Voting YES on Prop 50 ensures that voters in California and across the nation have their voices heard.**

HOW DID WE GET HERE?

Trump and Republicans have a scary plan to stay in power by redistricting in red states to steal seats away from Democrats. California is leading the charge to even the playing field and gain blue congressional districts. Trump and his allies know that taking away our healthcare and attacking our communities is unpopular, so are trying to silence voters at the polls.
